

## **HIGH SCHOOL GRANTS SCOPE OF SERVICE**

Health Unit:

Region:

High schools will receive awards up to \$1000 per school from their local Public Health Department for student-driven tobacco control projects that are linked to local and provincial tobacco control programming.

High schools will support student- initiated tobacco control projects. Student groups, including student councils, teacher and parent organizations are eligible to apply. Projects may include, but are not limited to public education and awareness campaigns and events, and cessation related projects. All of these school-based efforts will be linked to the province-wide mass media communications strategy and Youth Action Alliances, as well as to local and area planning efforts in order to seek synergy between mass media messaging and local events and activities.

Other Requirements:

1. Protocols for Soliciting Grants.
2. Criteria and Process for Selection/Review and Granting.
